

2006 Oil and Gas Activity Update for North Dakota

Lynn Helms¹

¹North Dakota Industrial Commission, Oil and Gas Division, Bismarck, ND

Lynn Helms has served as director of the North Dakota Industrial Commission Oil and Gas Division since July 1998 and director of the Department of Mineral Resources since July 2005.

Lynn earned his Bachelor of Science degree in engineering from the South Dakota School of Mines and Technology in 1978, but his oil field career began as a roughneck in 1976 working summers and school holidays. After graduation, he worked for two years as a production engineer for Texaco in all of the producing areas of Montana.

In 1980, Lynn joined Amerada Hess in Williston, N.D. While in Williston, he worked as a production engineer, reservoir engineer and asset team leader on projects in Abu Dhabi, Alaska, Arkansas, Louisiana, Mississippi, New Mexico, North Dakota, Texas and Wyoming. Email: lhelms@nd.gov
